

Federalism and Healthcare

...

Definition of Federalism

Amendment X

The powers not delegated to the United States by the constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people.

Federal Overreach in Healthcare

Medicaid

Dictates nearly half of the state budget

Perverse tax incentives

Medicare

medicare

GO BIG OR GO HOME

Cut the roots, not the branches

Power of the Purse

Medicaid: Keep the Money in the State

Perverse Tax Incentives

Put individuals on the same footing as companies

Health saving accounts

Insurance: stop-loss, not ATM machine

Medicare

Costly and inefficient policies

Should be last resort

End Goal

Outlay of individuals less

Quality of healthcare improved

Cost-per-capita down
